

"POSSUM HUNTERS"

Troubles End in Muhlenberg County

BELIEF EXPRESSED BY
MAYOR WELLS AND CHIEF
OF POLICE LANGLEY

Central City Quiet For Past Week

That Central City for the past week has been as quiet as a "Quaker meeting," and that no more trouble is expected there from the Possum Hunters, is the information contained in a statement that has been issued by Mayor C. W. Wells and J. D. Langley, Chief of Police.

The statement says: "There have been disorders (in the county) but conditions are not so bad as reported."

Amy W. Longest, Superintendent of the Schools in Muhlenberg County, in a letter addressed to the editor of The Herald, says the work being done in the county along educational, industrial and agricultural lines has been lost sight of because of the activities of the Possum Hunters, and declares the county really is "progressing in spite of the many alarming reports which reach the newspapers."

Issue Joint Statement
The joint statement of Mayor Wells and Marshal Langley follows:

Central City, Ky., Nov. 21, 1914.
To the Editor of The Herald:
During the present week there have been published at least two articles concerning conditions in Central City and Muhlenberg County, which were grossly exaggerated. We ask space to correct these reports.

It is not true that Muhlenberg County is an armed camp and that the citizens of Central City patrol their yards at night, nor is it true that Mayor Wells guards his home every night or that his wife is a nervous wreck. There have been disorders, it is true, but the conditions are not as bad as reported.

Neither is it true that a mob was on the streets of Central City last Saturday night and threatened to whip women, or accosted women. Only one man created enough disorder to warrant arrest, and he was promptly locked up. Cart-ridges have never been "shoveled up" around the depot, nor has a shot ever been fired in that vicinity. On one occasion many shots were fired in the suburbs of Central City, but the town itself has never been "shot-up," nor are the police powerless.

During the past week Muhlenberg County has been as quiet as a Quaker meeting and we believe

that all disturbances are over. Please help us maintain this peace.
C. W. WELLS,
Mayor of Central City
J. D. LANGLEY,
Chief of Police.

County is Progressive
Greenville Ky., Nov. 24, 1914.
To the Editor of The Herald:

As you doubtless are aware, we in Muhlenberg County have attracted the attention of the entire State by the doings of the so called possum hunters. This is not the only work being done, however. We have made great progress along agricultural, educational and industrial lines, about which very little has been said.

I have recently finished an article on "Progress in Muhlenberg" which I would be glad to see in print, for I have several pictures to prove that we are really progressing, in spite of the many alarming reports which reach the newspapers. It took a great amount of time to collect the pictures and facts for this article, but I think it would be well worth while for anyone to read it. I am anxious to help in telling of the improvements and real conditions in this, our own county.

AMY M. LONGEST,
Superintendent of Schools.

Public Sentiment Aroused
The activities of the Possum Hunters, as reported exclusively in the Herald, ceased early last week, when members of the organization opposed to a violence program joined the citizens in their effort to bring outlawry to an end.

There were threats of retaliation by the decent element of the Possum Hunters, and when public sentiment had been aroused to such a pitch that 1,000 and more persons attended a public indignation meeting held at Greenville, the unruly element within the organization "took the hint" and has kept close to cover since that time.

GIBSON REPLIES

And Suggests Arbitration of Date.

November 23, 1914

Hon. W. J. Cox,
Madisonville, Ky.
My Dear Sir:

Your response to my proposition of the 20th inst., to submit our candidacy for the nomination for Circuit Judge to the democratic voters of this county, has been received, and I note that you accept the same, except that you want the primary held on April 3d instead of the date suggested by me.

We have both been announced candidates for practically two months, and I feel like a fair expression of the voters could be had on the date I named. Further, the roads and weather conditions would likely be more suitable and the farmers would certainly be able to vote without losing time from their work which would not be the case if the primary should be held on the date named by you.

I can see no good reason for deferring the matter until April, as we are both well known to the voters of the county, and I am convinced that an early election would meet with their hearty approval and would be to the best interest of the party.

Inasmuch as we are not agreed on the date for holding this primary, I make the following proposition: That each of us name a known democrat and let those two name a third known democrat; that we appear before them and state our reasons for the time suggested by us for holding the primary, and that their decision in the matter shall be final and binding, and that the primary be held on the day named by them, or a majority of them.

Yours very truly,
LEE GIBSON.

Go to Church Because:

It Will Make Every-
body Who Is Inter-
ested In Your Suc-
cess Happy -- --

GO TO CHURCH every Sunday in the year!

THERE ARE SOME MEN WHO ARE NEVER SEEN IN CHURCH EXCEPT ON CHRISTMAS DAY. THEY SEEM TO THINK THAT IF THEY GO ON THAT DAY THEIR DUTY IS DONE. OCCASIONALLY THEY MAY BE SEEN IN CHURCH DURING A GREAT REVIVAL. THIS APPEAL IS MADE FOR THESE MEN. CHRISTMAS IS APPROACHING. SO IS THE DAWN OF A NEW YEAR. IT IS POSSIBLE THAT THEY HAVE FORGOTTEN JUST HOW TO ACT WHEN THEY ENTER CHURCH. LET THEM PREPARE NOW FOR THE CHRISTMAS AND NEW YEAR SERVICES.

Let the man who goes to church on Christmas day only speak truthfully. Is he not uplifted by the sublimity of the service? Doesn't he feel a pang because he doesn't go to divine service oftener? If he has some father, mother, brother or sister who has departed this life the church gives him a sense of resignation in the loss of his loved one. There is nothing that will relieve the sorrows of this world like the word of God in the house of God.

DON'T WAIT UNTIL CHRISTMAS TO GO TO CHURCH. START NOW. GO NEXT SUNDAY. GO EVERY SUNDAY. IT IS NEARING THE BEGINNING OF A NEW YEAR. NO MATTER HOW YOUNG YOU ARE, NO MATTER HOW OLD, YOU ARE GETTING NEARER THE DAY WHEN YOU'LL HAVE TO FACE YOUR GOD.

The man who goes to church on Christmas day only is not a bad sort. The fact that he goes on that day shows that religious feeling within him is not dead. All that he needs to make him go every Sunday in the year is a reminder. If he doesn't read this it may catch the eye of you, his mother, his sister, his wife, his sweetheart. SHOW HIM THIS. Ask him to go next Sunday. COAX HIM. HE'LL GO.

Get others to GO TO CHURCH!

How Do You Stand It?

HOW can you go on without saving? Don't you realize that the time is coming when you'll have to pause, or stop?

A saving account never does does either; it never quits; it grows always—day in and day out.

It is the only thing that grows—constantly

Two Dollars a week in the (Peoples Bank) savings account will grow in ten years to \$1210.00. \$2 isn't much, but \$1210.00 IS. You may need it more than the \$2, too.

FIVE ARRESTS ARE MADE

In The Renshaw Murder Case
—Three of Them are Women

RESULT OF SHERIFF'S WORK

Hopkinsville, Ky., Nov. 26.—Acting upon evidence that he has been quietly working up for several weeks, Sheriff Jewell W. Smith has made five new arrests in the Renshaw murder case. John M. Renshaw was shot Sept. 25 by unknown parties and died two weeks later, without ever regaining consciousness. A strange negro has been in jail ever since, held on suspicion.

The Sheriff believes that his investigations have led to the right parties, though great reticence is maintained. The latest arrests are two negro men—Ernest Wilson and "Bubber" Cha fin, and three women—Tip Leavell, Fannie Harper and Lizzie Hart. They all live in or around Hopkinsville. The Leavell wo-

man lives at the old toll gate house near the scene of the murder and the Harper woman lives on the Clarksville pike nearer to town. The theory is that the women know something about the identity of the real murderer or murderers.

Fannie Harper has retained counsel and enters a strenuous denial of all knowledge in regard to the matter.

Fannie Harper, who has a young baby, was released on her own recognizance and the other four are in jail. Dillard Young, who has been in jail at Henderson, charged with the same offense, was also brought here for trial. The trials were all postponed until Monday.

UNKNOWN ORIGIN

Nebo had the largest fire Friday night that has been there since the Imperial tobacco factory burned. Ligon & Eudaley's factory was burned to the ground. It was nearly eleven o'clock when the fire was discovered. The origin of the fire is not known.

LITTLE ROCK IN DANGER

From Extensive Forest Fires
—Flames Rage Fiercely
Only Two Miles
Away

ST. LOUIS ENVELOPED IN SMOKE

Little Rock, Nov. 25.—Fears for the safety of this city from forest fires, now but two miles away, were allayed somewhat today when the wind ceased.

Conditions in other parts of the fire-swept area are unchanged.

The gray smoke cloud in Little Rock last night settled over the city and it was impossible to see more than two or three blocks, even on well lighted streets. Early reports indicate that similar conditions prevailed all over the state.

The only hopes of extinguishing the fires is a general rain and the weather bureau offers little hope for this.

Smoke Stifles St. Louis

St. Louis, Nov. 25.—A heavy blanket of smoke believed to have come from the forest fires of Arkansas or South-western Missouri, hung over the city Tuesday and last night settled so low as to produce the effect of a dense fog.

Thousands of persons were driven out doors by the smoke which penetrated homes, factories and office buildings. Conditions on the streets were almost as stifling. Street car traffic was reduced to a minimum speed because of the danger of collisions.

METHODIST MINISTERS WILL MEET IN CITY

Preachers and Laymen of Henderson District to Organize Epworth League.

The Methodist preachers and laymen of the Henderson district, will gather in Henderson, Friday for the purpose of organizing the Epworth Leagues of the Henderson district. The meeting was called at the instance of Edward Lynn, of Henderson secretary for his district. The meeting will be held in the Assembly hall of the Young Mens Christian Association building, and will be called to order at 2 o'clock in the afternoon.

A large attendance is expected to be present at the meeting. Secretary Lynn, has received a number of replies to letters of invitation sent out by him, in which he urged upon one and two, if possible, being present from each charge in the district. The meeting will be the beginning of greater things for the young people of the Epworth League of the Methodist church.

Former Resident Dies in Henderson

Wallace Kilmer, of Henderson died Sunday night, was buried Tuesday morning at 10 o'clock. It will be remembered that Mr. Kilmer was a resident of Earlington several years ago, where he was an employee of the L & N. R. R. He had the misfortune to fall from his engine while firing for the late L. H. O'Brien, and was severely hurt and from which he never recovered.

PEMBROKE SAYS NAY

And Mandamus Suit May be Brought in The Liquor Matter

TO TEST COUNTY UNIT LAW

The Pembroke Council at a meeting Monday night refused to issue liquor licenses until forced to do so by law. Arguments were made by O. H. Anderson, representing Ragsdale and Combs, who had applied for license to open saloons in Pembroke. Judge Jas. Breathitt had been retained by the Council as legal advisor.

Mr. Anderson claimed for his clients that the amended county unit law authorized the sale of liquor in territory that had been dry before the county as a whole went wet.

A mandamus suit is now the next probable step and an appeal from Judge Hanbery's decision, no matter which way he decides, would take the test case to the Court of Appeals for decision. The Council meets Dec. 7th, in regular session, but it has already announced what its action will be and there need be no delay in preparing the case, should the applicants decide to press the case.

Replies to Open Letter of Lee Gibson.

Hon. W. J. Cox, replies to the open letter addressed to him in the last issue of the Hustler by Hon. Lee Gibson, and it is self-explanatory:

Monday, November 23, 1914.
Hon. Lee J. Gibson, Madisonville, Kentucky:—Dear Sir: Your open letter which was published in the Hustler on Friday, November 20, 1914 and copy of which was delivered to me, submitting the proposition that the Democratic voters of Hopkins county possessing the qualifications of legal voters, in a democratic primary, decide which of us shall be Hopkins County's candidate for Judge, and in which you suggest that the matter be determined at an election held before December 19, 1914, and that my answer be made in time to be put in the issue of the Hustler on Tuesday, November 24, 1914, has been read and considered, and answering the same I assure you that this proposition meets my approval, and I hereby accept the same, but do not accede to the time fixed in your letter, because the people of the country should be considered in the matter, in order that the fullest expression in the making of the choice may be had.

Within the last few months in Hopkins county we have had two elections, one so recent as the third of this month, and the Thanksgiving and Christmas seasons both approaching, it should seem difficult to interest our people very largely in even so important question to them as the selection of a candidate of this country, to be voted for next August as its candidate for the democratic nomination for Circuit Judge; and knowing that the democratic vote in this county is as large as that in the other three counties of the district, I would suggest that as nearly as may be, we decide the time, and hold the proposed primary election in and for Hopkins county in the various voting precincts, as outlined in your proposition, on Saturday, April 3, 1915.

If this date is satisfactory to yourself you may advise me on or before November 25, 1914, and we shall then agree upon all matters expressed in your proposition, and sign a joint statement for the information of the public.

Respectfully yours,

WM. J. COX.

REPORT OF M. E. CHURCH SOUTH OF EARLINGTON

We begin our third year at
Earlington under most favorable
conditions as far as we can see
now. Never in the ministry of
this scribe was a more genuine
and cordial reception extended to
me and my family than has been
extended this year.

We were kept in Louisville
two weeks after conference on
account of the serious illness of
our little boy. But we were for-
tunate indeed to fall into such
good hands; we were at the Wes-
ley House, and no pains were
spared to make us feel that all
would be done for our comfort
that could be done, and that we
were still guests of the Wesley
House even though conference
had adjourned. Miss Gainey and
her helpers deserve the co-opera-
tion of every Missionary Auxil-
iary in the Louisville Conference;
for they are doing a magnificent
work in that section of the city,
even though their equipment is
far from what it should be. The
brethren of the Louisville Dis-
trict were very thoughtful, and
extended every courtesy possible,
several called on us personally,
while others offered their ser-
vices should they be needed.

Coming back to the subject,
the church here was organized
22-years ago, with six members
as a part of the Madisonville
Charge, it later became a part of
the Providence Charge, and still
later it was the Earlinton and
Nebo Charge. Eight years ago
Earlington Church was made a
mission station, and Bro. J. D.

Frazier was appointed pastor.
He soon bought the lot upon
which our present building stands
and also traded the old parson-
age for our present parsonage, he
started a building fund in addi-
tion to the other work. He stay-
ed only two years, and was suc-
ceeded by Bro. W. C. Brandon,
under whose ministry our new
church was built. The Sunday
School took on new life under
Bro. Brandon's ministry, and re-
alized that there were great po-
ssibilities in this line of church
activity. These brethren wrought
faithfully and under their minis-
try many were added to the church.

The charge was made self-sup-
porting two years ago, when the
present pastor was appointed to
this charge. There was a debt
of something over three thousand
dollars (\$3,000) on the church,
most of which was unprovided
for, with a general increase in
the conference assessments of
something over 20 percent. And
they are problems these days
when the assessments are going
up annually whether the pastor's
salary is increased or not, but we
began our work. This is a broad
field, as the good brethren say in
consoling a disappointed brother
after the appointments have been
read. We have a population of
more than four thousand (4,000)

in Earlinton alone besides the
small towns near by where there
is no Methodist church. Earl-
ington is a railroad and mining
town; no union labor is employ-
ed in Hopkins County as far as
the writer is informed; especially
in the mining industry. The L.
& N. shops of the Henderson Di-
vision are located here. We have
many splendid railroad people
in our church, as well as peo-
ple connected with the mining
industry, in fact people in every
occupation represented here. We
have a membership of over four
hundred souls, one hundred have
been added to the church in the
last two years, many of that num-
ber on profession of faith at the
regular services. We have one
of the best Sunday Schools in the
conference; a fine prayer meet-
ing; it is not infrequent that we
have more than a hundred at our
regular prayer meeting services;
a fine Ladies' Aid Society, the
Aid has raised (\$2,700) twenty-
seven hundred dollars in the last
ten years. Three active Mission-
ary Societies, and a real young
Epworth League, just organized.
In the last two years we have
paid fifteen hundred dollars
(\$1,500) on the church debt. Our
services are all well attended,
have had six additions since con-
ference, three on profession of
faith. Our one handicap is the
church debt, and we hope to meet
that next year. We have a loyal,
faithful, and aggressive mem-
bership, with a mind to work.
Under the leadership of the Holy
Spirit we expect a good year.

Fraternally,

W. A. GRANT.

The American Way

A TERRIFYING cry for relief was
heard from the battle grounds
of Europe. At once came the
response from the United States
with \$800,000 provided by the Rock-
efeller Foundation for immediate
necessities. Supplies were bought,
ships were chartered and relief sent
on the way. An illustration of the
American way of doing things quick-
ly and efficiently. What a tribute
to the genius of the greatest of all
American captains of industry—to
whose foresight and generosity the
Rockefeller Foundation owes its
magnificent endowment of \$100,000,000.
No other nation in the world
has ever made such provision to ex-
tend aid in a great emergency as
this Foundation provides. The gen-
ius that conceived this plan and
carefully safeguarded and abun-
dantly endowed it as an aid to all
mankind without regard to race or
religion was not of the ordinary
mould. It was the genius that cre-
ated what was conceded by all to be
the most efficiently administered
and conservatively conducted busi-
ness enterprise in the world, before
it was dismembered by the "bus-
sters" of the trusts. Those who cred-
ited the success of Mr. Rockefeller
and his associates to adventitious
circumstances and questionable
methods have long since changed
their views. All recognize that the
forceful energy, the commanding
ability and integrity of the founders
of one of the world's greatest indus-
tries were responsible for its pho-
menal success. The same master
mind that led in the upbuilding of
this industry conceived the Rocke-
efeller Foundation with its far-reach-
ing purposes and immeasurable in-
fluence for good. The blessings of
the sufferers in Europe which are
being poured out on the Rockefeller
Foundation must shame the yellow
journalists and muckraking writers
who have had nothing but obloquy
and scorn for the most thoughtful
and generous benefactor that the
century has enrolled.

Dog Eat Dog

FROM a New England cotton-trade
report, written in October, we
take the following: "The de-
cline"—in the price of raw cotton—
"has tended to confirm the opinion
held generally in mill circles that
the staple will go down to six cents
a pound, delivered in New England;
consequently manufacturers have
held off from buying more than they
need for immediate requirements."

If the price does go down to six
cents a pound delivered in New Eng-
land a great many Southern cotton
growers will be bankrupt; for that
price does not nearly cover the cost
of production. With that painful
experience in mind, next year and
the year following they will prob-
ably plant a much smaller area to
cotton, and the price will go up, so
as to work a hardship on the mills.

That is the law of unrestricted
individualistic competition—chew
the other fellow when you can get
him down, and expect to be chewed
in turn when he can get you down.
To everybody concerned how much
more profitable finally—and more
edifying—cooperation would be.

Dog Ghosts.

The phantom dog specter was one of
the hardest of old English supersti-
tions. Almost every county had its
black dog which haunted its lonely
spots and was the dread of every na-
tive. Most of them were regarded as
devils, but some were held to be the
spirits of human beings transformed
thus as a punishment. Lady Howard,
a Devon notable of the days of James
I., for instance, was said to be com-
pelled to haunt Okehampton in the
form of a dog as a punishment for her
cruelty to her daughter.

A WARNING TO MANY

Some Interesting Facts About Kidney
Troubles.

Few people realize to what extent
their health depends upon the con-
dition of the kidneys.

The physician in nearly all cases
of serious illness, makes a chemical
analysis of the patient's urine. He
knows that unless the kidneys are
doing their work properly, the other
organs cannot readily be brought
back to health and strength.

When the kidneys are neglected
or abused in any way, serious re-
sults are sure to follow. According
to health statistics, Bright's disease
which is really an advanced form of
kidney trouble, caused nearly ten
thousand deaths in 1913, in the state
of New York alone. Therefore, it
 behooves us to pay more attention
to the health of these most impor-
tant organs.

An ideal herbal compound that
has had remarkable success as a
kidney remedy is Dr. Kilmer's
Swamp-Root, the great Kidney,
Liver and Bladder Remedy.

The mild and healing influence of
this preparation, in most cases, is
soon realized, according to sworn
statements and verified testimony
of those who have used the remedy.

If you feel that your kidneys re-
quire attention, and wish a sample
bottle, write to Dr. Kilmer & Co.,

paper, enclose ten cents and they
will gladly forward it to you by
Parcel Post.

Swamp-Root is sold by every

and \$1.00.

Makeshift Charity

"HUMAN justice is fallible," the
lawyer sapiently reminded the
judge. "True," said the judge;
"but it's the best we have down
here." Organized charity is a more
or less inefficient makeshift. Quite
half of the money, we should judge,
is given in about the same sour
spirit that taxes are paid—to get
rid of an importunate solicitor, or
because the donor is ashamed to
say no, or in spite of the fact that he
has a baffled and exasperated feel-
ing that it is a poor way of dealing
with the situation.

There is no charity about that.
The nation that does not succor the
enemy's wounded who fall into
its hands, and feed and shelter
prisoners of war, is considered in-
famous. The unfortunates of peace
we have on our hands ought to be a
social charge. The responsibility
and cost of maintaining them ought
to be placed squarely on the whole
community. There ought to be no
more question of passing the bat to
keep them from freezing or starving
than of taking up a voluntary col-
lection to run the waterworks or re-
pair the paving; but such a state of
affairs seem to be a long way off.

Meantime organized charity is the
best we have. Never were appeals
more numerous and persistent. It
is going to be a hard winter for
many on this peaceful side of the
Atlantic. Every one who can
should help—and, above all, help at
home first.

News of the Town

Good morning! Have you seen The Courier?
Evansville's best paper.

H. D. Cowand, will leave for Chicago, Sunday night, to purchase Xmas goods. Mr. Cowand, is one of the live merchants of Hopkins County, and the people of Earlington, should certainly feel proud to have such a man in his midst. Cowand says that his Busy Store will be the center of attraction for the Holiday Shoppers.

Born to Mr and Mrs. E. C. Brandon Saturday night a fine boy. The mother and babe are doing nicely and the Dr. is all smiles.

Miss Freda Heller, the popular instructor in Domestic Science in the Earlington graded school, took Thanksgiving supper with Miss Hazel Fawcett, in Madisonville.

Mrs. Harriet Browning served her boarders an unusually good dinner on Thanksgiving day. It was greatly enjoyed by all present and Mr. Ray especially.

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Earlington People Know How to Save it.

Many Earlington people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slight delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is an Earlington citizen's recommendation.

Mrs. M. Cawley, Earlington, Ky., says: "I have used Doan's Kidney Pills in our family and have found them very good. Whenever we have kidney trouble and pains in the back, a few doses of Doan's Kidney Pills cure it. They are also good for children to use."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cawley recommends. Foster-Milburn Co., Props., Buffalo, New York.

A Real Thanksgiving!

THANK God for everything with-in you that bids you remember Him. In this day of vanity, distrust and despair belief in God is a real blessing.

Pause for one day in the eager rush for wealth and pleasure. On this Thanksgiving Day remember the Giver of all good. Wait not for the approach of the midnight darkness of your life before you turn to Him. Praise Him with a grateful heart for manifold Mercies you have received while millions suffer private and millions mourn their dead.

In our distinctively American Thanksgiving Day, a stronger note of gratitude should appear this year than ever before. Half the world's population is involved in war; we are blessed with peace. Harvests in many lands have been devastated; to our lot have fallen tremendous crops. In other lands there are few homes which have not sent father, son, or brother to the battle front, many never to return.

In our own favored land happy firesides remain undisturbed and unbroken. Enjoying the blessings of bountiful harvest and uninterrupted peace, why should not all the people of America assemble in their places of worship and devoutly give thanks to Almighty God?

The war has turned the people of Europe to the churches in a marked degree. In time of great danger the mind of man instinctively looks to God for guidance and help. Should those who have been favored with mercies unnumbered be slower in giving God thanks than those in distress who are in petitioning for help?

With a lessened sense of duty toward the church, and with a growing disposition to make the Thanksgiving week-end a holiday time, more people absent themselves from church than ever before. Yet there has never been a time when people needed the help of the church more than in these intense days.

Why not observe Thanksgiving Day this year by crowding the churches in a spirit of real reverence and devotion?

Try This for Your Cough

Thousands of people keep coughing because unable to get the right remedy. Coughs are caused by inflammation of Throat and Bronchial tubes. What you need is to soothe this inflammation. Take Dr. King's New Discovery. It penetrates the delicate mucous lining, raises the congested membranes. Get a 50c bottle from your druggist. "Dr. King's New Discovery quickly and completely stopped my cough," writes J. R. Watts, Floydale, Texas. Money back if not satisfied, but it nearly always helps.

"THANKS FOR THE CORN HARVEST"

L. E. RAY

Of all the days of the Calendar
There is none that will compare
With autumn in her beauty,
When all the trees are bare,
And the leaves are scattered, golden
everywhere
Then well knows the farmer that the
harvest time is near.

And soon around comes Old Jack-
Frost,
Making everything so white,
And the air is crisp and chilly,
But it makes you feel just right,
And soon all pains are forgotten
On the joyous thought,
Of gathering in the harvest,
Of things which can't be bought.
And most precious of all others,
As the large and golden ears
Which grow so profusely,
Almost everywhere.
This is far most highly valued,
For it is a well known fact
That the golden grains are crushed
And packed into a sack.

To become the finest corn meal
That mortal did ever eat,
Oh now, you jeering wheat raisers
Corn bread you have never beat.
And, Oh! The joy of gathering
This precious, golden corn,
Will make joyous the heart
Of the saddest mortal ever born.

And we should be so thankful,
We who know no want
When we think of all the homes
To which, no joy is brought
By the hoarding of this harvest
By the gathering of the crop,
Have pity on humanity,
Who seek their living from a shop.
The stars and stripes are shining,
Behold, old America, the home of
this golden corn.

Is not, as is some others
By famine and hunger torn,
Think of the fertile fields,
Which have no hands to till their
soil
For war has taken their masters,
Forever into its toils.

Think of the numerous animals
Which shall their lives retain,
By eating in abundance
This life-giving fertile grain.
What a joy in knowing
What a sure winter cheer
On being very certain
No hunger shall come near.
For the crib is o'er flowing,
With this golden-silver mass
While we sit by the fireside
Placidly waiting for winter to pass,
Until soon shall come the springtime
Bringing happiness and cheer,
For the husky farmer
Now knows planting time is near.

The above poem was composed by
L. E. Ray, a 14-year old Earlington
school boy, who took the prize as
being the Champion Corn Grower of
Hopkins County.

It Really Does Relieve Rheumatism
Everybody who is afflicted with
Rheumatism in any form should by
all means keep a bottle of Sloan's
Liniment on hand. The minute you
feel soreness in a joint or muscle,
bath it with Sloan's Liniment. Do
not rub it. Sloan's penetrates al-
most immediately right to the seat
of pain, relieving the hot, tender,
swollen feeling and making the part
easy and comfortable. Get a bottle
of Sloan's Liniment for 25 cents of
any druggist and have it in the
house—against colds, sore and swollen
joints, rheumatism, neuralgia,
sciatica and like ailments. Your
money back if not satisfied, but it
does give almost instant relief.

OF COURSE—WHY NOT.

"Will good times ever return?" in-
quired a pessimist in speculating on
his Christmas expenditures.

Of course they will! Why not?
Here's the why of the will:

1. There is just as much money
in the country now as there ever
was.
2. The farmers have just harves-
ted one of the biggest crops in his-
tory and are selling at good prices.
3. Federal reserve banks have
been opened and millions of dollars
of new money will be placed at the
disposal of the banks of the country.
4. The banks in turn will have
plenty of money to loan to big man-
ufacturing and other industries for
operating capital.
5. These concerns in their turn
will start the wheels of commerce
to revolving and millions of unem-
ployed men and women will return
to work.
6. Foreign governments are plac-
ing heavy orders for all kinds of
supplies needed in prosecuting their
war.
7. Other orders for American
made goods are pouring in from all
parts of the world.
8. The financial situation has
clarified, congress has adjourned,
banks are opening up their vaults,
and great manufacturing industries
are preparing to open up again on an
extensive scale, many of them even
now calling in employees who were
laid off many weeks ago.

Yes, you can dig down and spend
that Christmas money without any
fear of where the next dollar is com-
ing from.

It is on the way—and hitting the
high places.
